# ALADDIN SPORTS CO. CORPORATE PROFILE

## Brief History:

Aladdin Sports Co. started Sport Balls business in 2015 on a small scale as a Proprietorship concern. Later 1 year, Aladdin Sports Co. also involved in Sportswear and Accessories business.

From the day one, Aladdin Sports focused on production of quality balls and Sportswear now has established recognition as a good quality sport balls and sportswear supplier.

## Diversification:

In 2017, Aladdin Sports Co. started sports wears division which is producing good quality customized dyed and sublimated shirts, shorts, training suits, coach jackets, rain jackets, track suits, sports bags, socks, etc. for supplies to sports clubs, whole-sellers, sports brands and importers of the different countries.

## Mission Statement:

Aladdin Sports Co. will continue its endeavors to supply top quality sports products to its customers serving them with utmost honesty, commitment and reliability in alignment with TQM and Lean Production Principles.

## Quality Control System:

We have applied four tier quality assurance systems in our entire production operations at AQL 1.0 which ensures about 100% compliance of the international quality standards. This system comprises the following 4 main steps:

- i. Incoming material inspection.
- ii. Inline quality control.
- iii. Final production quality control.
- iv. Pre-shipment inspections.

## Address:

Aladdin Sports Co.  
Defence Road, Durrani Town  
Sialkot-51310, Pakistan

## Competitive Edge:

Company has an edge over its competitors in quality, exclusive expertise, material developments and skilled man power. Aladdin Sports, being in this line of business for last about 5 years, has built quite a strong relationship with its customers and gained their confidence. The quality, designs, customer service, certifications and production management capabilities keep the company among the market leaders.

## Production Process:

Our ball production process is standardized and is based on quality consciousness. We regularly update our machines and processes in our production to stay ahead of all our competitors. At the moment, the most modern machines are used for producing balls. Besides that, we have state of the art equipment in our R&D Lab for material testing and new developments.

## Vision Statement:

The management of Aladdin Sports has a vision to become one of the market leaders of superior quality sports goods producers in the world by using the core values of honesty, trust, commitment and reliability.

## R&D / Innovation:

A team of highly skilled technicians, who has a vast experience of product development, keeps on making research & development work to produce new and innovative products. Our R&D Lab is equipped with state of the art machines and testing equipment. Strong R&D capabilities with innovative ideas, following modern trends and technologies, are our hallmarks. We believe in complete customer satisfaction.

Being an OEM, we also offer product development services catering to the specific needs and requirements of our valued customers.
